Software End User License Agreement

This License Agreement forms a legally binding contract between you and Dizmo Inc., ■ ("dizmo"), in relation to your use of the Software.

By clicking "agree", you agree to this License Agreement to become effective and to be bound by the terms of this License Agreement.

I. Definitions

1. Dizmo's user interface and application environment software, referred to in this License Agreement as the "Software" and specifically including the dizmoSpace, library files and a set of dizmos, as well as all related documentation, is licensed to you subject to the terms of this **Software End User** License Agreement (the "License Agreement"). In this License Agreement, you may be referred to as "you" or as "Licensee".

2.

3. "Update" means a revision to the Software or patch that improves the functionality of the Software and/or fixes known functional issues, and may contain new features or enhancements, which is not an Upgrade. "Upgrade" means a subsequent version of the Software that dizmo designates as a new release and makes generally commercially available.

II. General Provisions of the License Agreement

1. Prior to any use of the Software, Licensee must agree to the terms of this License Agreement. You may not use the Software if you do not agree to the terms of this License Agreement.

2. This copy of the Software is licensed and not sold and it is protected by copyright laws and treaties, as well as laws and treaties related to other forms of intellectual property. Dizmo or its subsidiaries, affiliates and suppliers own intellectual property rights in the Software. The Licensee's ("you" or "your") license to download, use, copy, or change the Software is subject to these rights and to all the terms and conditions of the Software End User License Agreement ("License Agreement").

3. Only persons entitled to use the Software under applicable laws may enter this this License Agreement. You may not use the Software and may not validly enter into the License Agreement if you are a person barred from receiving the Software under the laws applicable in the country in which you are resident or from which you use the Software, or any other law that may be applicable to you.

4.

III. Licensee Grant

1. Dizmo herewith grants to Licensee a limited, revocable, non-exclusive, non-transferable and non-sublicenseable license to use the Software for your internal purposes only, as further described below, and only in accordance with, and subject to, the terms of this License Agreement.

2. This License Agreement allows you to install and use on up to three (3) devices at a time one copy of the Software (whether trial or full version), provided that the Software on each such device is used only by you. You may make one copy of the Software in machine-readable form for backup purposes only; provided that the backup copy must include all copyright or other proprietary notices contained on the original.

3. The license granted in this License Agreement shall be effective as from the time when you agree to the terms of this License Agreement or start using the Software. The license shall be valid until the termination of this License Agreement, as set forth in Section "VI. Termination".

4. Dizmo may, but is under no obligation to provide error corrections to the Software, as well as minor improvements to the Software, as such corrections and improvements become generally available. This License Agreement applies to them accordingly. Any other upgrades or enhancements to the Software are not made available by dizmo under this License Agreement and have to be licensed separately.

IV. Restrictions of use

1. Licensee acknowledges and agrees that the Software is and remains the exclusive property of dizmo and includes valuable know-how and trade secrets of dizmo. Licensee acknowledges and agrees that dizmo (or, as the case may be, certain third parties) owns any and all legal right, title and interest in and to the Software, including any and all Intellectual Property Rights that may subsist in the Software. Dizmo expressly reserves any and all rights not expressly granted to Licensee in this License Agreement.

2. Licensee agrees to treat the Software as confidential and may not and agrees not to enable others to, without the express written authorization of dizmo:
